

3 SIMPLE LANTERN PROJECTS

1. OATMEAL CANISTER LANTERNS

MATERIALS NEEDED:

Oatmeal Canister, Scissors, Glue, and Tissue Paper

TRY THIS:

- Peel the paper off the canister.
- Cut some hole in the surface.
- Glue layers of tissue paper to the exterior. (School glue is better than glue sticks.)
- Can be used with tea lights or electric fairy lights.

2. CONTACT PAPER LANTERNS

MATERIALS NEEDED:

Paper Straws, Clear Contact Paper, Tissue Paper, and Scissors

TRY THIS:

- Cut a 2.5 inch wide strip of contact paper.
- Lay a straw at the edges of the paper.
- Add pieces of tissue paper.
- Fold over the contact paper to create a "sealed" panel.
- Make 3 panels. Tape panels together.
- Can be used with tea lights or fairy lights.

3. PIPE CLEANER LANTERNS

MATERIALS NEEDED:

Pipe Cleaners, Cellophane Or Tissue Paper, Clear Tape

TRY THIS:

- Twist together three pipe cleaners.
- Tape cellophane to the outside of the pipe cleaners.
- Can only be used with fairy lights.
