

Family Days at the Akron Art Museum

AAM Social Stories

Today I will be going to a Family Day at the Akron Art Museum!

When I enter the Museum, my grown-up and I will be greeted at the front desk.

My grown-up will help us check in with a Museum worker.

The Museum worker will tell us all of the fun things going on at the Museum.

I will hear music and see
other families walking
around.

My grown-up and I will stay
together and walk around
to the different themed
activities.

All of the activities will be about one big idea.

There will be so many fun ones to go to where I can explore, play, and make art.

If I have any questions or need a quiet space, there will be staff around with nametags to help.

If I need to go to the bathroom, I can find it on the first floor by following the signs.

When it's time to leave, I will go out the front door with my grown-up and say goodbye to the Museum staff.

THANK YOU FOR VISITING!
